

appropriate interface such as ~~WSASetService()~~ WSASetService(). The Winsock server can call getsockname() to determine the port number assigned to their socket by BTHTDI pursuant to the bind() call.

REMARKS

Favorable consideration of the present application, which was previously allowed on September 28, 2004, is respectfully requested.

Applicant respectfully petitions for entry of the above amendments. The editorial amendments to the specification are intended to correct typographical errors.

In response to the Office Action dated July 17, 2003 wherein it was indicated that the Information Disclosure Statement filed May 2, 2001 has not been considered, a further Information Disclosure Statement, along with copies of the references cited therein, is submitted herewith. Favorable consideration is respectfully requested.

If there are any fees due in connection with the filing of this amendment, please charge the fees to our Deposit Account No. 50-0463.

In the event that there are any outstanding matters remaining in the filing of this amendment, the Examiner is invited to contact the undersigned to discuss this application.

Respectfully submitted,

Date: December 7, 2004
